

WHERE

Detroit Neighborhood Video Series

100% Independent

WHERE is a completely independent project operated by an agile team of local content creators. This allows us the freedom to craft stories that are centered around real people and real stories in the community.

What is WHERE?

WHERE is an original video series that gives viewers a look inside Detroit's neighborhoods, different community initiatives, and the residents that make up this city. The purpose of this project is to create an online database for neighborhood information to be celebrated, and shared online. Starting Spring 2017, a new neighborhood profile will be introduced every month.

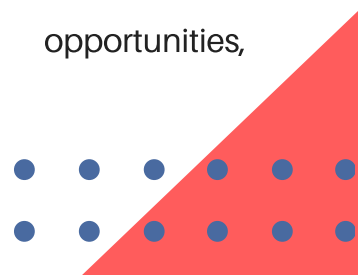

Background

A big part of Detroit reaching it's full potential has to do with the city's neighborhoods and increasing awareness. Increasing awareness about:

- Neighborhood initiatives
- Neighborhood residents and businesses
- Neighborhood safety, boundaries & more

The series was conceived as a way to give people insight into various Detroit neighborhoods, and to share a unique vantage point of what living in them is like.
